**COVIDSafe app** — 6 Million Australians have now downloaded the

App – this is very encouraging but we need more! At UCB we are backing the App to help the country get back towards some normality. We are in a position where we can talk this up to our customers. Please remember it is not mandatory.

The COVIDSafe app speeds up contacting people exposed to coronavirus (COVID-19). This helps the Government support and protect you, your friends and family. It's really easy to download - all the information you need to know here.....
