The next vital step to ensure we remain compliant The Fuel Industry COVIDSafe Plan

Small Business Working Together

We at UCB along with our partners at ACAPMA have been there with our members throughout Covid-19 offering guidance and support, as you stayed open, keeping Australia moving. It is more important than ever with the lifting of restrictions that we keep our standards high and revisit the rules around store cleanliness and compliance to government regulations.

Safe Work Australia have re-vamped their website based on Covid-19 and by Industry sector - check out the TEN National Covid-19

safe workplace principles.

As Governments ease up on restrictions to get people back into workplaces it may be worth checking if you are still compliant to the rules even if you have remained open. There are some useful checklists and information sheet you can download from this website.

COVIDSafe app – 6 Million Australians have now downloaded the App – this is very encouraging but we need more! At UCB we are backing the App to help the country get back towards some normality. We are in a position where we can talk this up to our customers. Please remember it is not mandatory.

The COVIDSafe app speeds up contacting people exposed to coronavirus (COVID-19). This helps the Government support and protect you, your friends and family.

It's really easy to download - Click on the image for all the information you need to know.

**Stay Safe, Stay Strong
Support Your Local!**
