You will need to assess each rule as it applies to your individual business. At UCB and with help from our friends at ACAPMA we are here to offer advice.

Why not call the helpline from your State government – the people manning the lines are extremely helpful and the conversation can be very informative.

**State governments are tightening up their checking regime – make sure you are compliant with the rules in your State.**

There are individual links below to the Coviidsafe plans required by each State/Territory.
