## COVID-19 Update 2nd April

### Truckies are keeping the country moving we are there for them - Roadhouses

Yesterday one of our Roadhouse member sites was asked to close Truckie seating by Police, even though they were following the strict Government rules and advice, we had provided in our Covid-19 Update on Tuesday via ACAPMA.

Following up just now, with Elisha at ACAPMA, the following actions have been taken:

The private secretary to Mark McCormack the Deputy PM was speaking directly to the SA Premier and asking for the rules, agreed by the National Cabinet, to be made clear to enforcement officers in that state. ACAPMA are also communicating at the moment with all of the other Premiers/Chief Ministers' offices to ensure the message gets out there across the whole country, particularly to the Police.

Elisha suggested that Roadhouses who are keeping seating open and adhering to the strict guidelines, print and display the attached "**Exemption from closure order**" in their seating area and ensure all management and staff are fully aware. If you have a good relationship with local police forces it may be an idea to make contact with them to pre-empt any situations and talk through the regulation.

Any issues whatsoever please can we encourage you to get straight onto ACAPMA with the details – they will take it up immediately. By all means contact your UCB Business Manager to discuss anything we can help with on this, or the Staff Safety Screens or the floor stickers. We are doing everything being asked and are providing a vital service to our Truckies. This exemption was well thought out and necessary, please help us to ensure everyone is aware that we are doing the right thing.
