ACAPMA - COVID -19 Resources

As the global COVID-19 situation continues to evolve rapidly, we understand this is a particularly challenging time for many of our members, suppliers, staff and the community more broadly. At UCB we will work to keep the information flowing to you during this time so that you can focus on the job at hand, running your store during challenging times.

As you may be aware UCB engages ACAPMA on behalf of our members, ACAPMA are a vital resource at this time to assist your store. Please utilise their information included in the link below for best practice on store hygiene standards which include printable posters for both customers and staff members.
