COVID-19 Update 22nd April

Current status and latest important information from AHPPC on Covid-19

The Prime Minister and Premiers once again thank all Australians for maintaining their efforts to flatten the curve. Front line Retail Workers continue to play a vital role.

Cleaning to prevent the spread of COVID-19 “Cleaning and disinfecting are two different processes”

Safe Work Australia has released new guidance for cleaning and disinfecting surfaces - The Guidance emphasises the importance of cleaning (removing dirt) and disinfecting (removing viruses and unseen bacteria). It also provides some detail on the cleaning required for a retail space or workplace that has had a confirmed or suspected case of COVID-19 – including a two stage clean with 1000 parts per million Bleach Solution, employee PPE required and the option to continue trading while cleaning occurs.

Hand Sanitiser Stations – UCB respond to member requests.

Following up on our successful provision and roll out of both safety screens and social distancing floor stickers, we have been following up on requests from Members regarding hand Sanitiser Stations.

We have investigated the market and looked at different options out there. We have decided the most cost effective model and the one that best fits our Members’ business (and so recommend) is

being provided by one of our partners, SPOS Group. We attach an order form on the link below, which shows the four different types of Sanitiser Stations and also explains the way to order these.

We feel that what we are suggesting here, allows our members an additional way to improve our responsible response to Covid-19 and to safeguard further our staff and our customers. Bulk Hand Sanitiser Fluid is available through SPOS as well as our other Trade Partners as we have previously notified in the Covid-19 Daily Update.

Hand Sanitiser Stations

So it has been over a month of Covid-19 Updates – 26 so far in total! Going on your feedback, many people are finding them useful. We will keep them coming, whenever there are new items to share and common questions, but it is anticipated that the frequency will drop off soon (probably by the end of the week), as the constant change settles into a more stable pattern.

We are conscious of only providing information that is relevant to your business and our industry, so with this in mind each Covid-19 Update will reference on the header when the last one was – just to ease any concern that you may have missed an update, when we go to more infrequent mailings.

Please take care of yourselves, stay safe and be kind. Remember we are all in this together.

**Sincerely,
 Darren Park
